Providing Solutions

Meeting Your Needs

Adding Real Value

Certificated Programmes

In conjunction with Learning & Development Associates and the Chartered Management Institute Cameron Lindsay Consulting can offer the certificated programme:-

The Professional Managers Programme

The Programme has been specifically designed to cover a number of generic core competencies, considered essential for managing effectively at Team Leader and/or Middle Management levels within an ever changing work environment. The programme is suitable for managers employed in Public, Private and Voluntary Sector organisations or 'Non Profit' making companies.

At the end of each module participants will undertake work based activities to assess the effectiveness of putting the learning from the module into their working practice.

Programme Modules

1. Delivering Effective Leadership
2. Building High Performing Teams
3. Managing Performance
4. Managing Change
5. Project Management
6. Understanding & Developing Organisational Culture
7. Managing your Budgets
8. Meeting your Customer Requirements
